### Experience

#### Global Service Support Representative at ADP - Automatic Data Processing

March, 2021 - Present

SME in Global Support for the EMEA Region team, working with an iterative and incremental approach to project management, with a focus on collaboration, flexibility, and continuous improvement.

I am working on different projects/activities, Service Catalog, Scope definition, Projects piloting for new enhancements/Features/Portals. I am providing support services, mostly in Escalations cases and ensuring adherence to SLA timelines. Additionally, I play a key role in data integration initiatives, where I am responsible for errors monitoring and RCA analysis.

Within this role, I am leveraging my knowledge in frontend and backend systems, to conduct RCA and thorough investigations to identify and address support/data-related issues.

I am performing data analysis and modeling, utilizing analytical techniques to extract insights and reports - Central BI.

Communicating findings, Documentation publication and recommendations to stakeholders.

I am collaborating in cross-functional teams, providing System config training, assisting Knowledge Transfer and Investigating the Transition to Service completion.

#### IT Support Analyst - T2 at Computacenter (Airbus)

July, 2014 - July, 2020

My role as T2 was focused on Providing Support to L1 Analysts and covering Escalations and High priority SRs for Airbus Account Admin/VIP users, managing access requests, and resolving errors related to Microsoft Office, Network cases, Active Directory, and

SAP transactions errors reports. I am skilled in analyzing and troubleshooting technical issues, documenting solutions. My proficiency in these areas has enabled me to be in collaboration with Account Management, Quality and Training teams.

#### IT Support Analyst at Computacenter (Air Liquide)

April 2013 - July 2014

During my time As an IT Analyst, I possessed strong technical support skills with specialization in incident resolution, backlog management, access authentication, and Microsoft Office support. I excelled in providing customer support through various channels like chat, phone, and email for EN, SP, and FR speakers. Additionally, I was familiar with ticketing systems and user Portals.

#### Booking/Support Team Agent at Avis Budget Group International

March, 2021 - Present

Booking Agent for Renet CAR Service Desk, my responsibilities included handling bookings and Cards sale while ensuring compliance with relevant legislation by countries. I also provided support to customers by addressing queries and resolving issues related to their bookings or loyalty program.

## Education

#### Law from Human Science Hassan II University - Casablanca

1998 - 2000

Master Not completed

#### Hostelry from ISTA - OFPPT

2000 - 2002

Graduated "Technicien en Restauration".
